Standards

ISO 9000/2 Accreditation

The company is in the process of adapting to the principles of the ISO quality management disciplines. Employees participate in ISO workshops and have access to the procedures of ISO 9000/2 regarding the manner in which the business is conducted in our valued customers. This ensures a common level of quality in service and procedures irrespective of the branch or individual when resolving customer problems.

Complementing JET staff is our extensive pool of Independent Contractors who are used to reinforce and supersede the skills base afforded to our Clients.

Strategic Business Partners and Alliances

- Ø IBM
- Ø RealConnect - Call Centre and C.I.T. specialists
- Ø DELL

- Ø HansaWorld – World Class ERP Software

- Ø Sybudata - Software Development
- Ø Cisco
